1. Prep your design in Silhouette Studio
2. Put the adhesive vinyl, paper side down, onto the mat. Load it into the machine and cut.
3. Remove the vinyl from the mat and weed the design.
4. Apply transfer tape over top of the weeded design.
5. Flip the design over and peel the paper backing off.
6. Put the design onto the surface, apply pressure and then peel the transfer tape off.
